17th June

Mr Infanti's last day

Celebrating the Queen's Platinum Jubilee!

In St Mary's, we have been building up to today – Friday 27th June – to have our own street party celebration of the Queen's Platinum Jubilee!

The children have enjoyed taking part in a school stamp competition; designing and creating their own models, linked to Queen Elizabeth II, using cardboard tubes; as well as many other class activities.

Luckily, the sun was shining on St Mary's today as the whole school ate their lunch outside, listening to music, to celebrate the Queen's Platinum Jubilee!

Mrs McNickle

Rocksteady Music Assembly

On 26 May 2022, St Mary's children had their very own 'Glastonbury Festival'. Mr Tim Worrell from Rocksteady Music School came to give the whole school a music assembly. He introduced the children to all the main instruments you would typically find in a pop and rock band, the electric drum kit was by far the favourite!

The children obviously couldn't pass up the opportunity to bob their heads, put their hands in the air and sing along to a few favourite tunes that Tim very kindly played for everyone. This interactive assembly will not be forgotten in a hurry.

Queen's Jubilee Celebrations!

Reception

This week, Reception have been learning about Queen Elizabeth II's life. We have painted a portrait of her, made a Jubilee rattle drum, learnt how to draw Corgi's and explored pop art queen portraits! Its been a busy and exciting week!

Year 1

Year 1 look amazing in their red, white and blue clothes and have really enjoyed joining in with the jubilee celebrations!

We had a great time doing our craft project before we joined in with a royal draw-along with the author and illustrator Nick Sharratt.

Year 2

Year 2 have been very busy the past two days completing lots of fun activities to celebrate the Queen's Platinum Jubilee.

We designed our cardboard rolls and made them into colourful objects that represents Queen Elizabeth II and the United Kingdom. We also got very messy in our Art lesson, where we used clay to sculpt a party hat for the Queen. The children enjoyed this so much! They had planned what they wanted their hat to look like and tried their very best to create their design using the clay. The children took their time to sculpt all the trimmings and accessories for the hat too. We were lucky enough to have a special visit from her Majesty herself - a cardboard cut out who was wearing a very fancy hat!

Year 3

Year 3 have been very excited about the Queen's Platinum Jubilee!

We have celebrated this by researching information on the Queen and creating a poster all about her. We found out some very exciting facts, including that she has two birthdays!

We also made our craft projects today and we are very proud of our creations.

Year 4

In the year 4 classroom, the day started with a classic party game of 'Pin the Tail'. However it wasn't the tail of a donkey, it was a corgi's! Thankfully, this corgi wasn't able to tell the Queen how we all tried to restore his tail blindfolded!

Then we had to prepare a seating plan for the Queen, her family and other special guests that were going to join the Platinum Jubilee Party. It was quite the challenge as we had to read the clues to consider who could be sitting where and eliminate guests from places where they definitely could not be seated.

Afterwards, we spent the rest of the morning unleashing our creativity, making our Queen Elizabeth related character/item using a toilet roll. What better way to end a day of hard work with an alfresco lunch in the sun!

Year 5

Year 5 have been celebrating the Queen's jubilee in lots of ways.

Our favourite activity was writing postcards from the different decades of the Queen's life. We also listened to the different music of those decades and of course had a little dance along the way.

One student says, 'It is lovely to celebrate the queen and acknowledge how fortunate we are to live in the UK.'

Year 6

In celebration of the Queen's Platinum Jubilee, Year 6 have written letters of congratulations to the Queen. They are keeping their fingers crossed for a reply!

They have also used their artistic talents to make a model using a cardboard tube. From corgis to soldiers, they have been very creative.
