Science Workshop

7th June
Year 6 Healthy Heart
visit

8th June
Year 6 Safety Centre

9th June
Year 5 RE Assembly
and Parent Lunch

KS1 and KS2 SATs

A huge congratulations to our Year 6's and Year 2's for completing their SATs over the last couple of weeks. All children have worked extremely hard in the lead up to SATs and all have tried their best - we cannot ask more than that!

Key Stage Two enjoyed the mini map and orienteering skills workshop, they learnt to read maps, compass directions and working together as a team.

Year 6 and Year 2 were also invited to a special agnias mass with other primary schools and secondary schools where they learnt about the fruits of the Holy Spirit.

Have a lovely half term break!

Mrs Nagamah

Spotlight on Year 6!

Year 6 were lucky enough to be invited to Heathcote School and Science College for a Chemistry lesson. It was very exciting to get a taste of what a Secondary science lesson is like. The children mixed a variety of chemicals to investigate soluble and insoluble solutions.

Year 6 enjoyed the celebrations for the King's Coronation. They enthusiastically and skilfully learned a dance from India which they performed to the school. Putting their writing skills to use, they wrote and posted letters to King Charles wishing him well for the Coronation. We are all waiting excitedly for a reply.

Last week, Year 6 took their SATs tests. At the end of a busy week, the children relaxed with extra play and a film afternoon where they had crisps, sweets and juice. We are all incredibly proud of their hard work over the last few months.
